Our dedicated organisers will guide you through the available services ranging from an extensive choice of menus and buffet options with a variety of wines all to match your budget. Menus can be altered to suit your requirements and you can choose coloured napkins to complement your chosen colour scheme. Flowers and decorative touches remain your responsibility allowing you to personalise your design, specifications and colour scheme.

We have a dance floor which is optional and we can help you to arrange entertainment to suit your requirements. Whatever your need we are adaptable and offer a friendly and flexible service. You have excellent freedom of choice to make your special occasion perfect.

There are a variety of rooms available for you to choose from and an interesting feature of the venue is it contains probably one of the largest private collections of Fire Service Memorabilia including cap badges, buttons, models, helmets, pictures, fire service equipment and it even includes a 1936 Leyland Fire Engine and a 1902 Merryweather Steam Fire Engine.
